La Pineda Villa 9

This beautiful contemporary villa is facing the 7th fairway of the Tour Course at PGA Catalunya Resort. The use of stone, white plaster and glass creates a flow between the interior and exterior spaces of the villa. The home also has a Mediterranean garden with aromatic plants growing around the entrance. The ground floor living room has wall-to-wall sliding glass doors leading out to the main garden, which is framed by a pergola and the swimming pool to create a unique area.

The rest of the main floor is occupied by a large dining room, kitchen and en-suite bedroom. There are three more bedrooms, one of which is also en-suite, on the second floor. The villa is completed by a spacious and airy multi-purpose basement and a private garage.
